📁 EXPERIENCE

Freelance, FrontEnd Developer

April 2024 – present

- Developing responsive and user-friendly frontend websites using HTML, CSS, JavaScript, React and Bootstrap.
- Integrating UI/UX design best practices to enhance user experience.
- Collaborating with clients to understand project requirements and deliver high-quality solutions.
- Working on cross-browser compatibility, performance optimization, and debugging.

Dentsu Kenya, Quality Assurance Engineer

June 2023 – March 2024

- Developed and implemented comprehensive test plans, including functional and regression testing
- Identified defects and ensured product excellence through rigorous QA processes
- Collaborated with cross-functional teams to deliver reliable, high-quality solutions
- Demonstrated ability to prioritize tasks, meet deadlines, and communicate effectively
- Committed to continuous improvement and maintaining high standards of quality throughout the software development lifecycle

Merkle DACH, Salesforce Admin/Developer

September 2022 – May 2023

- Customized and developed Salesforce solutions using Apex, Visualforce, and Lightning Components
- Collaborated with stakeholders to gather requirements, analyze processes, and recommend system improvements
- Assisted in data migration and performed data cleansing to ensure data integrity
- Implemented automation processes using workflows, process builder, and validation rules to streamline business operations

🎓 EDUCATION

BSC Computer Technology,

Jomo Kenyatta University of Agriculture and Technology

September 2018 – June 2023

I pursued a Bachelors Degree in Computer Technology, graduated in June 2023.

📁 PROJECTS

Gleamlight Technologies

I developed an equipment rental and event organizing website for a client

News Magazine

I used Express JS to create and integrate News Api

Intelli Uni

I developed a website that offers scholarships opportunities to students.

ImaniPlus

I developed a website for construction equipments for a client
